

## WHO WE ARE

AELP London is a membership organisation network that represents the interests of London-based organisations involved in the delivery of skills, vocational training, adult learning, and employability programmes across the capital. Our members get Londoners work-ready, into jobs and progressing on their chosen career paths.

AELP London members include independent training providers, colleges, employers, local authorities and other stakeholders.

We have a strong track record of helping members develop and succeed, with strong support for networking, collaboration and links to different funding opportunities.

## WHAT WE DO

AELP London supports its members to deliver programmes that increase London's workforce productivity and social mobility. This includes lobbying, research, and support tailored to the capital's unique policy landscape. We link our members to key stakeholders such as the Greater London Authority, Ofsted, Jobcentre Plus, the Education and Skills Funding Agency, London Councils, Sub-Regional partnerships, business-representative bodies, and other key stakeholders.

## MEMBERSHIP FEES

Our annual membership fee is extremely competitive. We believe it is the best value service available. Your annual rate is based on your organisation's annual turnover.
